

.125" BLEED -

If there are images that you want to bleed off the edge please allow .125" of your image to fall beyond the trim at 8.5"x11"

TRIM

.125" SAFE ZONE -

Do not put anything, such as type, outside the .125" safe zone to ensure nothing gets trimmed away.

FRONT PANEL

The diagram shows a rectangular layout divided into three vertical panels. A blue border surrounds the entire area. Inside, a red border follows the outer edges. A green border follows the inner edges of the three panels. Two vertical red dashed lines separate the panels. The text labels are centered in each panel.
